****Tips/Notes:****

- Complete a residential transfer form for each registered participant, if applicable to multiple siblings/children in the family.
- Ensure consistency in the first and last names on the application form and associated documents.
- If utilities and insurance are included in the lease, re-upload the lease under the utilities and insurance section.
- Do not leave any links unattended, as this may result in an incomplete application.
- If selecting "move in with one parent," be prepared to upload the separation/custody document after submitting all other documents. Note that you may redact sensitive information, as the focus is on the custody arrangements and primary residence of the child.
